We are pleased to announce our reopening on June 17, 2020 and welcome guests back. Our CLEAN TEAM is dedicated to providing a safe environment for guests and associates and we have exceeded the new standards for safety and sanitation set by the CDC and the American Hotel and Lodging Association.

Our newly renovated rooms have new, hygienic flooring and have been deep-cleaned following CDC prescribed methods. At the start of each shift all associates are screened for health and safe temperatures. They have all received extensive training on hygiene practices and our housekeeping team is exercising additional precautions when sanitizing rooms, with particular attention paid to high-touch items and surfaces in the room. Our food and beverage services are following the same quality controls.

Guests are asked to practice physical distancing, maintain a space of six feet apart and follow floor directional arrows. The tables in our restaurant, patios and outdoor dining areas have been reconfigured to allow proper social spacing.

All our associates will wear masks and gloves, guests are also required to wear masks. Hand sanitizer, masks and gloves are available to guests.
